

## Three Point Capital, LLC

Three Point Capital provides a fresh approach to financing equipment for end-user customers, as well as vendors seeking to offer financing options to their customers. We accomplish this through programs tailored to customer budgets and cash flows.

Founded in 2011, Three Point Capital is a New Jersey-based equipment finance company with vast resources and expertise in helping start-ups and growing companies in multiple industries. In conjunction with a longstanding joint venture with Chicago-based Cencor Capital, LLC ([www.cencorcapital.com](http://www.cencorcapital.com)), we finance all types of cannabis equipment, for projects ranging in size from \$250,000 to \$5,000,000 +. By recognizing the cash-flow / financial challenges for start-ups and early-stage companies, we are focused on (1) providing equipment leases / loans to end-users that fit within their budgets and near-term cash flows; and (2) partnering with vendors to provide cost-effective financing options for their customers to help them acquire equipment.

We **LISTEN**, then structure, document, fund and administer our transactions.

### **Customer / Transaction Profile:**
